Note: The tenants highlighted in yellow have either entered into Letters of Intent or have indicated their wish to enter into a tenancy at The Courtyard of Chapel Hill if the parking situation were resolved [There are other tenant prospects interested in the event of no follow-through], and will take occupancy in 2008. With **Project Lemonade**, the parking arrangements will be better than ever contemplated, and will turn a negative into an enormous positive. Overall, new leases are being entered into at double the previous rental rate. The two tenants highlighted in light blue will be transitioned out in 2008, and replaced with tenancies that coincide with the Vision contemplated.

DSCR @ 7% IO	2.45
DSCR @ 9% Constant	1.91

Exhibit VII

Post-Redevelopment Values of Collateral Properties

Below is the valuation per Jan 2008 Orange County appraisal of the Meadowmont Village condominium directly below Mr. Young's unit #134. It has the same layout, except the two units have the following differences: (1) #134 has superior views, for instance #124 has southern views obstructed by rooftop HVAC units; (2) #134 has 10 foot ceilings while #124 has 8 foot ceilings; (3) #134 has an enclosed terrace, but #124 does not. Other 3rd floor condos less desirably located in Meadowmont Village have sold in excess of \$500,000 – ergo the FMV of **\$525,000** for Mr. Young's Unit is reasonable.

Data is current as of 12/14/2009 at 11:46pm
